

## Type 1189 Low Pressure Bellows Gauge

- Available in 4½" and 6" dial size
- Bellows-actuated mechanism
- Three bellows materials
- Easily adjustable micrometer pointer
- Aluminum case
- All-stainless steel movement

Ashcroft® bellows gauges are used for measuring low pressures from 10" H<sub>2</sub>O to 10 psi pressure as well as vacuum and compound ranges. Coupled with their sensitivity, these gauges have a rugged design for process and industrial applications.

### TEMPERATURE LIMITS

	Ambient	Process	Storage
Dry	-20/150°F (-29/66°C)	-20/150°F (-29/66°C)	-40/150°F (-40/66°C)

**Note:** Other than discoloration of the dial and hardening of the gasketing that may occur as ambient or process temperatures exceeds 150°F, non-liquid-filled gauges with standard glass windows, can withstand continuous operating temperatures up to 250°F (121°C). Accuracy at temperatures above or below the reference ambient temperature of 68°F (20°C) will be affected by approximately .4% per 25°F. Gauges with soft soldered joints will withstand 250°F (121°C) for short times without rupture, although other parts of the gauge will be destroyed and calibration will be lost. For continuous use and for process or ambient temperatures above 250°F (121°C), a diaphragm seal or capillary or siphon is recommended.

### PRODUCT SPECIFICATIONS

**Model Number:** 1189  
**Accuracy:** 2%-1%-2% ASME Grade A  
**Case Style:** Solid Front (dry only)  
**Case Material:** Aluminum, Black Epoxy Coated  
**Ring:** Polypropylene, Black, Threaded, Reinforced  
**Back Cover:** Polypropylene  
**Dial Size:** 4½" (45) and 6" (60)  
**Dial Material & Color:** White Aluminum with Black Markings

**Bellows & Socket Material:** Brass, 316SS, Monel  
 Joints soldered

**Connection Size:** ¼ NPT, ½ NPT

### Connection

**Location:** Lower (L)  
**Range Limits:** 10/IW Vac to 10 psi  
**Mounting:** Stem, Flush & Surface  
**Movement:** 416 SS  
**Pointer:** Micrometer Adjustable  
**Window:** Glass  
**Warranty:** 1 Year

### OPTIONAL FEATURES

**Flush Mounting Ring:** X56  
**Shatter Proof Glass Window:** XSG  
**Acrylic Window:** XPD

### DIMENSIONS
